## Introducing a New Generation

Carfit Smart Cargo Solutions™ is the symbol of the discerning but carefree traveller, who wishes to travel the outdoors in freedom and with comfort and security. Carfit Smart Cargo Solutions™ introduces a new range of Carfit Smart Cargo Pods™ or "boxes" ideal for storage, with elevated carrying capacity and appearance. Available in a choice of sizes and high end deluxe finishes with your choice of colour.

The Carfit Smart Cargo Pods™ range comes with exclusive, clever and aerodynamic and innovative designs, for people who love free time, sports, holidays and above all traveling in a comfortable, secure and organised manner, Carfit has a solution. From conventional U-bolt design to the Patented Quick Clamp System the choice is yours. For the easiest to use, ergonomic design, with easy-closure struts, Carfit has the solution.

Carfit Smart Cargo Solutions™ suppliers test the roof boxes at the TÜV Centre in Helmond (Holland). All tests have been passed successfully to guarantee the construction quality, the great engineering and the resilience of the used products. All Carfit Smart Cargo Solutions™ products have been realised with complete respect for the environment; the used materials are all recyclables, and the production technologies are all of low environmental impact.

Carfit Smart Cargo Pods™ are guaranteed to be free from manufacturing defects for a period of 5 years from date of purchase. Please retain your purchase receipt to confirm warranty coverage. This warranty does not cover impact damage or issues occurring due to incorrect fitment or over-loading.

### Vehicle Attachment?

Carfit Smart Cargo Solutions conceived and realised a new kind of quick attachment system of the box to the car roof. The system allows a quick and easy assembling process; moreover it keeps the box in complete stability and safety, as proofed by tests at the TÜV Centre.

The quick attachment has been conceived with a very ergonomic and easy to use handle, and includes a practical hand gear for easier closure with its appropriate holding.

The external component, attached to the bars, has a plastic cover for several reasons: to raise the grip of the fixation, to make the box more silent and to protect the cars roof bars (excludes Voyager Pods).

The Voyager Pod uses the traditional u-bolt clamp style fitting neatly around the roof bars.

## Voyager

Carfit Voyager: Our most economic pod offers a high end finish with an ergonomic and exclusive shape. Available with single passenger side opening, small gas struts offer excellent ease in opening and closing. Carfit Voyager has been cleverly designed and conceived for greater functional use of internal spaces and a lower aerodynamic impact. Carfit Voyager, featuring a new design, new aesthetic lines and new dimensions, is suitable for a wide range of vehicle applications provided with U-Bolt attachments for easy connection to most racks.

Height: 380mm  
 Width: 800mm  
 Length: 1400mm  
 Capacity: 50kg  
 Volume: 340 litres

**Voyager 340**  
**Part Number:**  
**46VOY340SIL**

**Voyager 430**  
**Part Number:**  
**46VOY430SIL**

Height: 400mm  
 Width: 800mm  
 Length: 1800mm  
 Capacity: 50kg  
 Volume: 430 litres

### Recommended Fitting Range

Single passenger side opening  
 Small gas struts ease opening and closing

### U-Bolt attachment

### Recommended Weight Distribution

## Expedition

Carfit Expedition: A high range pod features an aggressive, lineal, dynamic and stylish design. The patented quick clamp attachment system with conformable handle and small gas struts to provide excellent ease in opening and closing. High gloss black, silver and white finishes make it a standout on any vehicle.

Height: 440mm  
Width: 820mm  
Length: 1750mm  
Capacity: 75kg  
Volume: 450 litres

Height: 400mm  
Width: 820mm  
Length: 2000mm  
Capacity: 75kg  
Volume: 500 litres

### Part Number:

**Black: 46EXPE450BLK**

**Silver: 46EXPE450SIL**

**White: 46EXPE450WHT**

### Part Number:

**Black: 46EXPE500BLK**

**Silver: 46EXPE500SIL**

**White: 46EXPE500WHT**

### Recommended Fitting Range

### Dual Side Opening

Small gas struts ease in opening and closing

### Quick Attachment

Tighten firmly but not excessively, clamps may be damaged by overtightening! Maximum torque 5nm.

### Recommended Weight Distribution

## Travel Twin

Carfit Travel Twin: With a clean and slender shape and dual side opening, this unique aerodynamic and leading edge design reflects modern car trends and requirements of today. The Carfit Travel Twin comes with the patented quick clamp attachment system with conformable handle and small gas struts to provide excellent ease in opening and closing, and is ideal for those who love sports and leisure activities through its optimised volume design. The glowing metallic silver finish on the Carfit Travel Twin compliments all vehicle colour finishes.

Height: 479mm  
Width: 708mm  
Length: 1940mm  
Capacity: 75kg  
Volume: 460 litres

**Part Number:**  
**46TWIN460SIL**

### Recommended Fitting Range

### Dual Side Opening

Small gas struts ease in opening and closing

### Quick Attachment

Tighten firmly but not excessively, clamps may be damaged by overtightening! Maximum torque 5nm.

### Recommended Weight Distribution

## Travel Exclusive

Carfit Travel Exclusive: The Travel Exclusive range has been designed and constructed for the most demanding user. The Travel Exclusive has an ergonomic and aerodynamic shape with optimised storage design. With an unsurpassed high end finish, available in either high gloss black or high gloss white finish and a choice of 460 litre or 650 litre sizes. The Travel Exclusive comes with the patented quick clamp attachment system with conformable handle and small gas struts to provide excellent ease in opening and closing.
